

INDO GERMAN TOOL ROOM, AHMEDABAD

FUNCTIONS AND DUTIES

(Under Section 4 (1) (b) (i) Right to Information Act 2005)

IGTR, Ahmedabad started its functioning in 1994 with Training Department and Production Department activities. Indo German Tool Room, Ahmedabad is an institute for Tool & Die Making and training. IGTR is strategically located in the city of Ahmedabad, the business centre of Gujarat. IGTR Ahmedabad is equipped with the latest European machines and a motivated and trained professional team. As a part of outreach program an Extension Centre was started Bhavnagar and Sanand to conduct different training courses.

The Centre has been set up, mainly to train manpower in the field of tool making and other allied Engineering trades, develop production facilities of moulds, jigs, fixtures and other sophisticated tools for Micro, Small and Medium Enterprises and to provide consultancy primarily to small scale industries. It renders services such as:

- i) Developing production facilities of moulds, jigs, fixtures, gauges and other sophisticated components preferably for Small Scale Industries.
- ii) Conducting Long Term as well as Short Term Training Programmers in the field of Tool making and other allied Engineering trades both for the fresher's and for personnel already engaged in this field.
- iii) Providing common facilities in precision machining.
- iv) Providing consultancy facilities primarily for Micro, Small and Medium Enterprises in the field of Tool Engineering aimed at improvement in quality and productivity.

IGTR is imparting different Long Term as well as Short Term courses in the field of tool engineering, CAD/CAM and non-mechanical courses. Details of courses, eligibility criteria and fees, etc. can be viewed from web site.
